JUNE 1988

Well, our local show has come and gone and it seems that congratulations are in order for class winners as well as for those as those responsible for making the show "another success story". Really, everyone who helped can be proud as everything went smoothly. The weather even decided to cooperate this year although there were some tense moments when several raindrops, which sent car participants and vendors into frenzy. Aside from those few panic stricken moments a good time was had by all. But don't take my word for it, just ask the Whaleys, as Richard's "first place judge" had to take a back seat to Nancy's meticulously detailed 73 which took a well deserved "best of show".

I would also like to express my gratitude to Dave Gill and Rick Ross for their extended effort which made it all possible. This heartfelt support is inspiring as well refreshing and I can't thank them enough.

To sum things up, the cars, the people and the facilities were all quote, top notch so what should we expect but success.

Thanks again to everyone!!!!!!!!!!!!!!  
Donna

Well, it's over for another year and I would like to thank everyone for all the help at the GTOACO 3rd annual show. It was a lot of work but worth it. We made a little money, had a nice day, and talked to a lot of you that we don't get to see much of. I think most of us had a good time. I know Nick, Bruce, Debbie, Richard, Nancy, Candy, Renee, Diane and I did at the Apple Barrel cruise that night. You will all have to ask Bruce and Debbie Scott about their flat tire and trunk lock-- Oh well, "S.H.T HAPPENS"!!

Again, I would like to thank everyone. Diane and I hope to see all of you on June 18th at the meeting and cruise in Lancaster at the Apple Barrel.. Let's get out and support the club.

### GTOACO VISITS PACEMAKER DRAG STRIP

On May 7, 1988 the members of the GTOACO had an outing to the Pacemaker Drag Strip. Jeff Toms of Fredericktown who had suggested the outing was to be racing that evening and invited members to come up and race or watch. Members met at Inskeep Printing and 7 GTO's caravanned to the NHRA sanctioned 1/8th mile track which is located in MT Vernon. Jeff in his 69 hardtop and Andy Syrkin in his 66 Legend were the only two members who were racing. During time trails Nick "the wrench" Anspach gave Andy a tech session on how to correctly fasten down a distributor cap. All who attended had a great time and suggested we should add this as an annual club outing.

A GREAT G T O SHOW

As show chairman for this years show I feel it was a very Successful show and for those of you that missed it you missed some awfully nice cars and a great day. I would like to personally thank everybody that helped in someway to put the show together. I would like to single out some people and personally thank them. These are the people that made my job much easier. First my family who had to put up with me, Renee, Candace and my wife Nancy who also headed up tabulation. Jeff Inskeep who handled advertising and printing, Jim Evans who handled registration and scheduling most of the additional help. Donna Landis on refreshments, Nick Anspach took care of the difficult task of judging and Jeff Ruffer on the vending area.

Again, thank you, to all of you.
