Minutes of GTOACO meeting April 8, 1992

Meeting was called to order by Jeff Inskeep. Prez Evans was at work,

Members in attendance were Bill Barton, Jon Leffler, Kris Ten Eyck, Dave Benson, Jeff Frazier, Jeff Inskeep, Neal Blankenship, Richard Whaley, Mark Baker, Nancy Whaley, Gary Turnmier, Margaret Turnmier.

Survey that was printed in last months Paw Prints did not generate much response. Jeff read letters and comments from people who responded. Bill Barton felt that it was not totally presented correctly in Paw Prints. Bill wants more follow up and also to award cash prizes for winner with most points at end of year. Jeff Inskeep stated he felt we should follow up more on this survey and he asked Bill to better explain it. Bill still wants to send out post cards with postage paid. Jeff suggested doing at Spring Show and having them turn into a box at show. Bill will do a follow up and get with Jeff and present at next meeting.

Local Show. Jeff Frazier stated he will balk at judging a car that might win money. Jeff stated judges will have to be selected carefully so not family and friends are involved. Show chairman Dave Benson will contact Andy Syrkin about GTO judges. Dave stated that the Burger Bus is out of business and he will contact Doug Smith to see about the vendor we have used in the past. Richard will do follow up with Aaron on music, charity people and police. Jeff will get the flyers done. The club decision on prize money is as follows. \$725 for door prizes. 3rd place \$10, 2nd place \$25, 1st place \$50 Best of each GTO, Pontiac, TransAm \$100 each Best of Show \$200. Vendor space is \$15, Entry fee is \$10 whether showing or displaying. The \$725 for door prizes is for participants only we will put ticket in packets. GTO Association of Central Ohio  
13791 Cable Rd.  
Pataskala OH 43062

Dear GTO Association of Central Ohio members:

By now I hope you've been made aware of the fact that I am the new president of the GTO Association of America. I'm looking forward to working with your chapter to make belonging to the GTOAA an enjoyable and worthwhile investment of your time and monies. I have a few new ideas in the works aimed at increasing your membership value. You will be kept up to date on new developments concerning chapter related programs and events via the quarterly regional representative system reports. Issues concerning all members of the GTOAA will be dealt with in The Legend.

I know that as part of my new job, I need to keep communications between the national leadership and our members as open as possible. It's my intent to take the wheel, and with the help of your chapter members' insights, steer the GTOAA into a direction that could better meet the needs of your club. I want to establish a comfortable and solid communication link between the national organization and each of our thirty chapter customers. Over a year ago an important step was taken in that direction with the establishment of the chapter representative system. I'd like to take this opportunity to reiterate the importance of utilizing this system to its fullest capacity, and to your best advantage.

Your chapter rep is responsible for communicating any and all **chapter concerns** to the national organization through the appropriate regional chapter representative. I strongly urge **individual members** to write me directly with any special requests, questions, or concerns they may have. I would also like to encourage your chapter to contribute articles to The Legend. These stories might materialize in the form of technical articles that have appeared in your own chapter-generated newsletter. Individual member-submitted articles are also gladly accepted. Most importantly however, the contributions from your chapter should promote your chapter's image. The Legend features member/car profiles on a regular basis, and every chapter has a generous amount of superb GTOs that deserve to be highlighted in your national publication. Show the rest of the GTOAA family the best of what your chapter is made of. Most GTOAA chapters also host at least one locally produced GTO/musclecar show every year. What better conduit to promote and share your chapter's enthusiasm and enjoyment of the GTO experience with the rest

Eric White

of the GTOAA than to submit a story and several supporting photos to The Legend? Other chapters would benefit from your experience by reading of how a show should really be done! Other story sources could showcase any special event your chapter may be involved in, especially family oriented activities or charity events.

It's one of your chapter rep's major responsibilities in serving your chapter to send at least two stories a year along to your regional GTOAA rep for inclusion in The Legend. Some complaints I've heard voiced in the past have addressed a perceived lack of content in The Legend. I firmly believe that The Legend is only as good as **all of us** make it. If stories aren't submitted, the editor has nothing to publish, and we all suffer as a result.

With our monthly publication dependably back on schedule, please take advantage of the free publicity to advertise your local activities to the unaffiliated GTOAA members in your area. Get those "lone wolves" out there motivated to join your fun-loving pack. One more thing about using The Legend to benefit your chapter, get the notices of your show(s) into the advertising editor so that all of us in the organization will know when your special event is to take place. You never know who might be in your neighborhood on that date.

This is starting to sound like a pep talk, so I want to turn my attention to another issue. As a very involved GTOAA-affiliated chapter member of many years, I was occasionally very vocal in criticizing the way the national association was being lead. The fact that I am now in a position to make some substantial changes indicates the extent to which the leadership has loosened up! Neal Blankenship, during his short tenure as president, did a fine job of stabilizing the organization and pointing us in a new and productive directions. As a result, our membership is now growing again, and we are starting to see members who've drifted away from the GTOAA in the recent past now returning to volunteer their special talents for the good of all; a very healthy sign. I know that as part of my new job I need to keep communications between the national leadership and our members as open as possible. It is my intent to take the wheel, and with the help of your members' insight, steer the GTOAA in the most positive direction.

It may be time for the GTOAA to expand the scope of its operations and priorities. In last year's session of the U.S. Congress a bit of legislation popularly known as the "clunker bill" was introduced. It has since died in committee, but rumor has it that new and harsher bills will be proposed in upcoming sessions. In California a program sponsored by Unocal was aimed directly at older vehicles, and has for several years been systematically crushing veteran road warriors. Worn-out death traps are not the only victims. Perfectly operating, rust free examples of GTO-era American iron are disappearing too. It might not be long before your state adopts a similar policy. Perhaps we should be gathering our resources and organizing to join the fight to preserve the part of our heritage (and a major source of used parts) that's being eliminated in this manner. A strong national organization is one our

hobby's best weapons in this battle. The more organized we are, the stronger we are.

I want to hear from each and every chapter in the association. Tell me what the GTOAA can do for your club, not the other way around. Your chapter is the GTOAA's most important customer, and I am making it a significant part of my job to ensure that all of our affiliated chapters are satisfied customers. What is it you as a chapter of the GTOAA need or desire from this leadership? What sort of features would entice non-members in your chapter to join the GTOAA family? Do you want to see material items such as the roster brought back? (some members view the roster as an invasion of their privacy, and a security risk) Do you seek better communication from the association? I hope that problem area has been alleviated somewhat with the installation of the regional rep system. Do you have a pet project that the GTOAA might be able to assist you with? Has there been a particular area of irritation that hasn't been satisfactorily dealt with in the past? The point of consternation sitting stubbornly at the top of everyone's list (mine included) is a lack of elections at the top levels of the association. I will be laboring to establish an electoral process during the next year. If you have views on these or any other concerns, put them in writing. And I do mean in writing; phone conversations are fine for questions and emergencies, but the written letter packs a "tri-power punch" when serious issues are at stake. I really want to make this a two-way street of healthy communication.

The last subject I want to talk about at this time is evolution as it applies to the structure of the GTOAA. I've been devoting a lot of time since becoming your interim president to drafting a proposal to the board of directors outlining my short and long-term plans for changing, in part, the way the GTOAA conducts business. I've already mentioned some of the long term items I will concentrate on. Some more immediate changes I wish to institute will involve amendments to the by-laws of your corporation. That in turn means a membership approval vote of all amendment revisions at a special meeting I plan on conducting at our international convention this summer. The proposed amendment changes will be published in the May issue of The Legend. That will require several pages of our news magazine that month to be devoted strictly to "business" matters, but I hope you'll put up with a little paper work in order to make some important and long sought after changes to the organization. Please bear with us as we endeavor to make the GTOAA the organization you desire and deserve.

Best GTO Regards,

**DATE: APRIL 27, 1992**  
**TO: ALL GTOAA CHAPTERS**  
**FROM: ERIC WHITE, PRESIDENT GTOAA**  
**SUBJECT: GTOAA BY-LAWS AMENDMENTS**

In my correspondence of April 18, the last paragraph told of my hopes that a meeting of the members could be conducted at this summer's convention in order to approve some major changes to our by-laws. Plans have changed. The board and I have agreed that the importance of the proposed changes, and possible consequences reflected by a rushed teleconference between now and the May deadline of The Legend is not the best way to handle these discussions. The timetable was just to compacted.

The new plan is to devote a portion of the board meeting, to be conducted during the convention, to a face-to-face debate and an amicable agreement on all approved points by the board before presenting any proposed changes to the membership. It was also felt that the time frame of less than a month would not allow sufficient time for the members and chapters to formulate and submit input.

The last point of concern involved the amount of members who would be involved in the final yes/no decision. At the convention only members attending the meeting would have been allowed to vote. As it is now planned the proposed amendments will be published in the July or August issue of The Legend. A ballot will also be included in that issue for all members to voice their feelings by casting a vote one way or the other.

I hope this little glitch doesn't pose any difficulties to your chapter.

Best GTO Regards,

I AM TWENTY-FOUR (24) YEARS OF AGE AND CURRENTLY OWN MY SECOND GTO JUDGE. I BOUGHT THE FIRST ONE WHEN I WAS SIXTEEN (16) AND SOLD IT AT AGE TWENTY-ONE (21). BIGGEST MISTAKE I EVER MADE. I AM SINGLE AND AM EMPLOYED BY THE OHIO HIGHWAY PATROL AS A TROOPER. I'VE BEEN WITH THE PATROL FOR A LITTLE OVER TWO (2) YEARS NOW. IT IS SOMETHING I USED TO DREAM ABOUT AS A TEENAGER. I AM STATIONED AT THE PIQUA POST, WHICH IS ABOUT THIRTY (30) MILES NORTH OF DAYTON. I AM A NATIVE OF MARYSVILLE WHERE I WAS A SHERIFF'S DEPUTY FOR ABOUT TWO AND A HALF YEARS. I HAVE ONE (1) BROTHER AGED TWENTY-ONE (21) WHO IS A STUDENT AT THE OHIO STATE UNIVERSITY, MAJORING IN GEOLOGY. HE RESIDES IN COLS. WITH MY MOTHER WHO LIVES ON THE NORTH SIDE IN THE BETHEL-GODOWN ROAD AREA. MY HOBBIES ARE MAINLY MY GTO, CLASSIC ROCK MUSIC, MOVIES (MOSTLY DRAMAS OR MYSTERIES), AND AS STRANGE AS IT MAY SOUND, I ENJOY WATCHING RERUNS OF SIT-COMS OF THE SIXTIES AND EARLY SEVENTIES. I FIRST HAD A PASSION FOR GTO'S WHEN I WAS AROUND FOURTEEN (14), YOU KNOW, THE AGE A GUY IS JUST DYING TO DRIVE AND OWN A CAR. A FRIEND OF MINE AT THAT TIME HAD AN OLDER BROTHER WHO OWNED TWO (2) GOATS. I WOULD GO TO HIS HOUSE JUST TO SEE HIM WORK ON THEM AND ALWAYS OFFER TO HELP TO GET TO RIDE IN ONE. I FOUND MY FIRST JUDGE BY MISTAKE. IT WAS SITTING IN A BARN NEAR DELAWARE, RUSTING AWAY. THE ODOMETER SHOWED A MERE 46,000 MILES. THE GUY LET ME DRIVE IT INTO MARYSVILLE WHERE I HAD IT LOOKED AT BY A MECHANIC FRIEND TO SEE IF THE MILEAGE WAS CORRECT. HE SAID NO DOUBT ABOUT IT, AND AFTER ALOT OF PLEADING WITH MY MOTHER, I GOT THE CAR. IT WAS THE ONLY MUSCLE CAR IN THE HIGH SCHOOL, BUT IT ONLY ATTRACTED THE GUYS. DIDN'T MATTER TO ME, I OWNED A GOAT. I EVEN LOST A COUPLE OF GIRLFRIENDS TO IT. ANYWAY, AFTER SELLING IT, I TOLD MYSELF I WOULD BUY ANOTHER ONE SOMEDAY. WHEN I NOTICED THE PRICES SOARING, I STARTED LOOKING IN THE SUMMER OF 91'. I FINALLY FOUND MY CURRENT ONE IN DAYTON. THE GUY WAS THE SECOND OWNER OF THE CAR AND HE BOUGHT IT IN 1971. THE PRICE WAS A LITTLE HIGH BUT EVERYTHING WAS THERE, PLUS A LITTLE EXTRA "HARD TO FIND ITEMS" THAT HE'D PICKED UP OVER THE YEARS. HE REDUCED THE PRICE A LITTLE AND I DIDN'T HESITATE TO SELL OFF MY 73 CORVETTE STINGRAY TO GET THE GOAT. MY GIRLFRIEND THOUGHT I WAS CRAZY. ANYWAY, NOT TO RAMBLE ON MUCH MORE, I'M HAPPY TO BECOME A MEMBER OF YOUR CLUB. I HOPE TO MAKE ALOT OF NEW FRIENDS AND LEARN WAYS TO PRESERVE AND MAINTAIN MY GOAT. THANK YOU.
