A Letter from the Editor

The 2011 Classic Car Season is almost upon us. There are even a couple events going on in April. See the calendar of events for the Spring Nostalgia Nationals being held at National Trails at the end of the month.

If there is interest, I think it would be great to go out there on Saturday (all makes and models day) as a club and have our own GTO Alley! We really need to have a sign with that on it made that we can use whenever we go out to an event in force. Yes, it's a little bit of bragging, but when we go out like that, why not brag about our club.

Don't forget to check the website for my weekly event postings staring in May.

Enjoy this issue! We have coverage of the Penske museum, a fun little ballad (both written by Steve Schaeffer) and coverage of this year's Swap Meet.

Oh and there's a TON of flyers in this month's issue too so check all those out. Especially the event at PY in May. I think there will be club members making their way up there. Watch for a meeting place/date/time.

With show season starting, don't forget to take your fly-

ers with you for the 1st Annual Summer Night Cruise and our Annual Indian Uprising! Put the first flyer in any car and the second in any Pontiac.

Don't forget about the cool club cards we had made up as well to publicize our club and to recruit new members.

I hope to see you all soon!

—Kevin

The Penske Racing Museum

by Steve Schaeffer

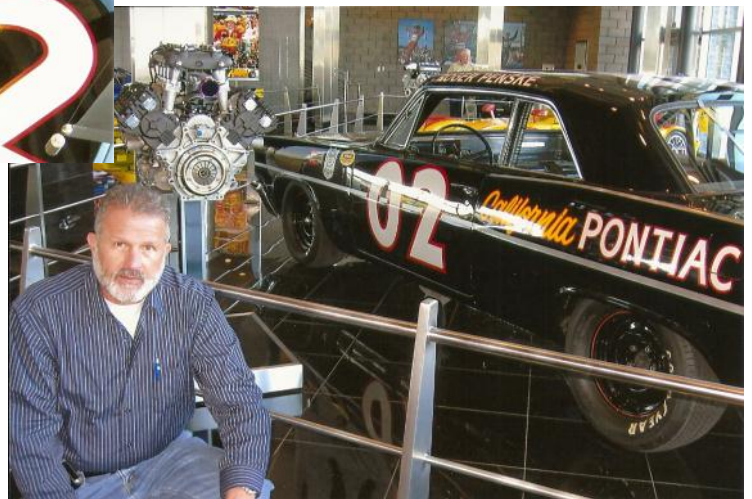

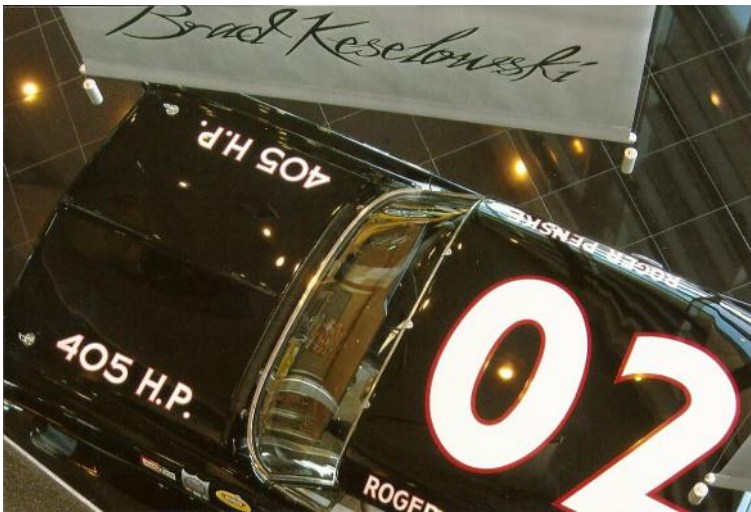

Roger Penske is a successful racer, race team owner and businessman. On a recent visit to Scottsdale, Arizona, I discovered that he also built a racing museum. The museum showcases his collection of cars, trophies, race engines, and memorabilia from 35 plus years of racing.

Penske racing teams have won the Indianapolis 500 race 14 times! His teams have over 250 major race wins in their history.

The museum houses his winning Indy cars, the 72 Hurst/Olds Indianapolis Pace Car, a 73 Porsche IROC, Rusty Wallace's 2005 NASCAR Dodge Charger with 800 horses and the real crown jewel, at least in my eyes, his '63 Pontiac.

In 1963, before he came into his fame and fortune, Roger Penske drove a 1963 Pontiac 421 Super Duty Race Car in the NASCAR circuit for Nichols Engineering. As a driver, he won the NASCAR Riverside 250 on May 16, 1963 driving that Super Duty 421 Pontiac. A flawless black beauty replica of that car is on display in his museum.

Check it out on line at <http://www.penskeracingmuseum.com>. If you are ever in Scottsdale for an auction, vacation or business and have the time, put the Penske Racing Museum on your list of places to visit.

2011 GTOACO Swap Meet, March 20, 2011

For the first time in 3 years, Mother Nature decided to cut us a break on the weather for this year's swap meet. Twenty vendors pre-registered for spots, so there was plenty of parts and stuff to go around. Lots of members came out to help setup and clean up. Thanks to all who helped! The event would not happen without everyone who pitches in to make it a success! If you didn't make it this year, the event is usually in February or March.

Bill and Stan keep watch at the door...

Is Dan asleep or just trying to figure out how much he wants what's in the crock pot?

So much stuff, so little time!

A little fun from Steve Schaeffer

This is a ballad that my father helped me write for my High School English class in 1961! Back then it was multi carb flathead V-8's against the new 283 and 348 Chevrolets and 389 Pontiac Catalinas. In 50 years the flathead V-8 is dead, but a new generation of V-8's from GM, Ford, and Chrysler are prowling the streets again. Fifty years later we are still burning rubber! I hope you enjoy it.

PATCHING by Steve Schaeffer

I met him at the stoplight;
I looked him over good.
He was driving a high boy oldster;
I was driving my cut down hood.

The guy in next lane said,
"Daddy, you're a sport.
But when the light turns green,
I'm going to leave you short."

Well, I punched that clutch,
Shoved my tranny into low.
By the time she revved to 5000,
She was straining for the go.

I watched the light intently,
As it changed from red to green.
I heard the roar of his straight pipes,
And felt the power of my machine.

I looked up in my mirror,
And looked back down the street
I saw the concrete darkened,
Those patches were no treat.

Nowhere was that high boy;
He was lost in the setting sun.
This ends my dream of dragging,
And a victory that wasn't won.
