Off season is here and I am writing this piece the week after our fall club cruise. It marks the last club event (other than meetings) for 2019. The cruise was awesome with a great venue! Many thanks to Joe & Ginny Favazzo for hosting us and letting us all drool over their amazing collection, which I can only characterize as a museum! Look for full coverage in a future edition of the Paw Prints! Many thanks also to Rob Wilson and Stan Farlow for setting up the cruise! It was an event to remember!

You may have noticed something different in this month's edition. Since we started using envelopes to mail the Paw Prints to those members who

have chosen to receive it via postal mail, we no longer need the last page to be an address page. Rather than simply remove it, I decided to try to repurpose it. I intend to play a little more with this concept so expect to see a few more changes in the coming months.

In this edition, you'll find coverage of our 2019 All Pontiac Indian Uprising complete with some pictures (head to our Facebook page for more or the photo gallery on the club website) and all the show results.

We also welcome Ryan Rickard as a new club member! Thanks Ryan for providing the content for his New Member Spotlight and we look forward to seeing

you at many future club events!

Lastly, I couldn't resist when choosing this month's cover picture. Yep it rained at the Uprising and there was Jeff Frazier pulling out with his top up! Sorry, Jeff. I just couldn't resist. :)

I hope to see many of you at the November 13 club meeting. It's at the Hickory House and all 2020 meetings will be as they booked us the banquet room for the entire year! As a result, we have made them a sponsor and noted so on this month's Paw Prints sponsor page!

Until then have fun and stay safe!

's Letter

I 'm writing this the night before the fall cruise. Rob Wilson has done a good job setting this up. It looks like we will have 25-30 members and family in attendance. The weather is going to keep the old cars home but I 'm really happy with the turnout. I drove our route today (as short as it is) and saw where we are going—I think we should have a good time on a rainy October afternoon.

Yesterday, Pam and I made it back from a 2600 mile road trip to visit some of our Bandit Run friends in Texas. We drove through 11 different states and saw a lot of country. This trip, we made a concerted effort to find some roads other than interstates; we spent at least half the time on 4 lane, divided, non-interstate highway. When the towns are spread out and the stop lights are few, the drive is very pleasant and you can actually do some sightseeing. We can now say we have driven through the oil tank farms in Cushing Oklahoma where there are 100,000,000 barrels of crude oil at any one time. It 's also where the benchmark daily price for West Texas crude oil is set. We would never have found these amazing tanks except for the manager in the local restaurant where we had lunch. We can also tell you how long it takes to have a big private security SUV on your tail when driving through the tank area. We had catfish at a diner on Caddo Lake in Uncertain Texas, where you didn 't get a bill but the waitress for our party of 20 knew exactly what everybody ordered. There really are a lot of nice people and interesting places off the main roads—and with 10 mile backups at every construction zone it doesn' t take much longer to go off interstate.

The Club did a great job of supporting the Zoo show. We actually had more volunteers than we needed but we all had a good time and even had time to actually look at the show cars. The weather cut back attendance to about 1/3 of normal but it was still a good day and the Zoo folks seem to genuinely appreciate our dependable support. If we can work out a date we may be able to obtain tickets to the Wilds for one of our cruises. There will be more to come on that.

In our October meeting we were able to elect officers for 2020. We also had good discussion on where the club is going. I will be making an effort to collect email addresses from central Ohio GTOAA members that aren 't part of our club so that we can send them the Paw Prints for a couple of months. Maybe we will pick up a couple of new members. Since we had a good year financially we will be bumping up our charitable donations for this year. All in all, the club had a good year and we are going continue on the same path for next year.

The next club meeting is at the Hickory House in Gahanna on November 13. The focus of this meeting is on swap meet planning and if we want to proceed with buying club insurance. It 's also time to start planning the Holiday party. As always bring your ideas on things we should be doing as a club.

Let us know what you are planning to work on this winter. It 's always good to learn more about what our members are doing to their cars.

New Member Spotlight

Ryan Rickard

My name is Ryan Rickard and I am a 27 year old enthusiast of 1960's Pontiacs! I am currently engaged to be married to my fiancée, Alyssa Moore, from Pickerington, OH. Originally, I am from Sandusky, OH where I was born and raised but currently reside in Middletown, OH. I graduated with a degree in occupational studies from Kent State University and currently work as an Occupational Therapy Assistant (COTA/L) for Otterbein Home Health in Lebanon, OH. I recently returned to school at the University of Cincinnati to pursue my Master's degree in this field. My father, Ervin Rickard, is to blame for my love of classic Pontiacs. He purchased his 1965 Pontiac GTO in the late 1970's from the original owner and it has remained in the family ever since; however, it sat in a garage for many years and currently needs restoration. He has managed to keep it through many of the difficult obstacles life tends to test us with, such as unemployment, recessions, and medical problems, just to name a few. One thing I have always enjoyed is attending swap meets and car shows with my father. We always attempt to make time to attend the Pontiac Nationals every year in Norwalk, OH. My father currently has several medical problems, which makes it difficult for him to get beneath a car. As a result, the restoration of his 1965 GTO has been significantly placed upon my shoulders and is a life goal for me to complete. Concurrently while juggling multiple responsibilities, I am slowly accumulating parts to complete the GTO with the assistance of people in the Pontiac community throughout Ohio. I have sincerely appreciated the generosity other individuals in the Pontiac community have afforded me in locating parts, which is why I decided to become a member; to network and share my love of Pontiacs that I acquired from my father. I hope, one day, to be a participant at car shows instead of a spectator, but it takes persistence as with any long-term goal. Thank you for taking the time to read my autobiography!
