Where is the season going! By the time you read this, it will be the Labor Day weekend. This marks the weekend of our 35th Annual All Pontiac Indian Uprising on September 2 (DON'T MISS IT!) and the unofficial end of the summer. Let's face it, while summer actually goes until about September 21st, schools have already been in session, the days are getting shorter and shorter and car shows are starting to dwindle. So get your butt out there and drive that GTO like you stole it!

In this edition of your Paw Prints, I cover the GTOAA National Convention. Last month, I had all our club winners with pictures. With such a great event, a great club turn out and

great results for our club, I felt that the I needed to cover the event as a whole this month.

You will also find our club winners from and coverage of the biggest Pontiac event in the country, the Ames Performance Pontiac Nationals; affectionately known as simply Norwalk! I took an extra page to cover that even including our club's adventure to it.

Next month, I'll cover our hugely successful Battle of the Brands show (thanks to Brian D'Amico!). So stay tuned!

What else is coming you ask? Well, there's the club picnic on September 7th at the Farlow homestead. Please RSVP to

Stan Farlow (skfarlow@aol.com) as our September club meeting will be held at the picnic too so you won't want to miss it. Also the last big show that we help out with on Sunday October 6th; Colo's Classic Car Show affectionately know as the Zoo Show. We will again help with parking and some judging. Please come to the meeting for more details or contact Jeff Inskeep if you can and want to help (contact information for Jeff inside this edition).

I hope to see you at one of the coming events or real soon! Until then have fun and stay safe!

—Kevin

# 's Letter

This morning the thermometer showed 49 degrees this morning. My guess is the seasons will change soon. By the time you read this our 35th Annual Indian Uprising will be behind us. It's a good time to reflect on our club history---not many organizations have survived 35 years. I think we should all be proud of our history and think about the future. We are a now legal tax exempt, non-profit corporation so we have some new options for how we operate and limit liability for members, officers, and directors. We will be looking at some of the simple things we can do to lower risk associated with being a member, director, or officer. The October meeting will be about things we want to do in the future.

The club picnic will be at our house ( 1810 Upper Valley Drive, West Jefferson Ohio 43162 ) on September 7. This will also be our September meeting. This is a great chance for new members to network with the rest of the club in a relaxed atmosphere. The club will provide burgers, brats, hot dogs, and chicken along with drinks. Bring a salad, desert, or vegetable along with your lawn chairs. We will eat around noon. It's a good way to enjoy and afternoon and talk cars with your GTO friends. Please rsvp ( but come anyway if you don't ) to Stan at [skfarlow@aol.com](mailto:skfarlow@aol.com) or 614-230-4529.

We have been talking about taking an overnight trip to the Gilmore Car Museum. It's time to let me know if you are actually willing to sign up for the adventure. The route is planned with the start being in Kenton Ohio for brunch on October 12. The route is all good non-interstate roads with all but 50 or so miles being 2 lanes. The best hotel deal I could find is in Plainwell Michigan. The rate just went up to \$159 from \$129 so we need to book soon. I'll reserve a block of rooms as soon as I have a good head count. Weekends in this part of Michigan are pricey in October, especially when Western Michigan football is at home in Kalamazoo. The museum will offer a group rate if we have more than 15 people paid for in a single transaction. The museum is about 4 hours from Delaware if you take thin interstate back home. Pam and I will be going to Shipshewana Indiana. The rate for Sunday night is currently \$125. We have a 2 lane route that stays mostly in Indiana for the return trip. I really need to know if you are planning on going by the Picnic on September 7 so that I can setup a block of rooms.

Don't forget that we will be working at the Zoo Show on October 6. This is our traditional end of the season car show. It's always a good day for the club with a lot of members helping the zoo staff manage one of the biggest local shows. There will be more coming out on this in the next few weeks.

It's been a good season for the club with lots of car show awards and positive feedback for our activities. If we are good, we'll build on this year to make next year better. Always remember the club is all about our cars and our summers are short, make 'em sweet, drive your GTO.

In June 2019, hundreds of Pontiac GTO fanatics and their beautiful examples of the first American Detroit muscle car made their way to Lawrenceburg, Indiana. Where concourse cars and popular vote cars both enjoyed under cover parking for the GTO Association of America's National Convention.

Concourse cars overflowed the convention center indoor field and into the popular vote area which took up almost the entire second floor of the adjacent parking garage.

The Ohio Valley GTO Association were our hosts for this year's convention and what a great venue it was! Nestled right on the banks of the Ohio River, just outside of Cincinnati, this great town welcomed us with open arms and it sure was a pleasure enjoying the small town life and its beauty. Our club came in force to help out with popular vote tech, vote tabulation, trailer unloading and even concourse judging on the new generation GTOs.

The convention had 350 registrations and over 230 cars in attendance. There was plenty of fun to be had including the parking lot party and concert, all the tech talks and guest speakers, a cruise night and even a casino.

Spending a lot of time in the Popular Vote Tech Tent, I got to meet a lot of new faces and see just about all the popular vote cars. That is one of the biggest reasons I love to do that job. It was a great event and an even better time. I hope you had as great a time as I did and I certainly hope that we return to Lawrenceburg for a future convention!

# Blast from the Past!

by Ron Cozzo

This Blast from the Past is from our August/September 1994 Paw Prints. New member Steve Schaeffer introducing himself and his 64 GTO to our club.

I am the newest member of the G.T.O. Assoc. of Central Ohio. My name is Steve Schaeffer. I own a '64 GTO, 2dr HT, Tri-power, 389 V-8, 4-speed, posi. I am also building a second GTO. I have a complete drive train including a 455 4-bolt main +.030 engine, 4-speed, and posi rear end. I am still looking for the correct body though.

I have been a member of the national GTO Assoc. for many years, my number is 3233. I also have been a member of the Ohio Valley GTO Assoc. for the last six years.

I wrote "Tri-Power Tips" that appeared in the June '92 issue of "The Legend". I also wrote "The Ultimate 455" that appeared in the Aug. '93 issue of "The Legend".

My partner Scott Paine and I just purchased Lancaster Auto Parts this year. The new name is Lancaster Auto Recycling. The business was previously owned by the same family for the last 66 years! No, we don't have any GTO parts. We deal only in late model auto salvage.

The only interesting thing we found was a 36,000 original mile '63 Pontiac 389 engine. Does anyone have a good home for it? Remember that the early big cars used a bellhousing mounted starter. So it will not work in a GTO.

I recently became a home owner in Lancaster. I have already met some of the members at the GTO Nationals over the years. I also met some of you at the recent Dennis Pontiac show. I hope to become an active member in your club.

PS.. You can use the enclosed picture in the newsletter. In very small print you must give the photographer credit. I would like to get this picture back. Thank you.

Sincerely,  
Steven Schaeffer

He again thanked all the volunteers that assisted in making it happen. Brian is checking on ways of improving on it for next year and will have more information in the future.
